

## Year 1 Homework Projects

### Autumn 2

#### ART & DESIGN

Have you ever wondered what other planets would look like?  
Try to imagine an alien landscape.

**Create a painting or drawing of an alien planet using your choice of materials.**

#### MATHEMATICS

Spot the shapes that you can see in the universe! Look up to the sky and imagine the 2D shapes you can see.

**Create a space scene using only 2D shapes.**

#### ENGLISH

Words words are everywhere!  
What space words do you know?

**Create a space themed mobile to hang in the classroom. Hang some key space words from it to help us with our literacy.**

#### MUSIC

Listen... what is that eerie sound?  
Intergalactic space craft traveling around?

**Create a space themed dance to some space themed music.**

#### History

USA or USSR? Who will be the first into space?

**Use junk modelling to recreate a historic space rocket or shuttle with a parachute to aid re-entry.**

#### COMPUTING

Neil Armstrong was the first man on the moon. But who were the people on his team?

**Write a fact file about Buzz Aldrin or Michael Collins. Use ICT and submit to your class folder. Or hand it in.**
