Nursery Homework Projects Autumn 2 – Autumn Adventures

Language and Literacy

There are 4 seasons in a year: spring, summer, winter and autumn. Talk to someone and tell them how you know it is summer, winter, autumn or winter? What does the weather look and feel like?

MATHEMATICS

Can you find 5 leaves and bring it into school?
Can you find 5 conkers and bring it in to school?
Can you find 5 pinecones and bring it in to school?

Understanding the World

What happens to the leaves in autumn?
What do we wear in autumn?
Can you bring in a picture of you jumping in a pile of leaves while wearing your autumn clothes?

ART & DESIGN

Collect some autumn materials and create a picture of your choice. E.g. make a face using sticks and conkers for eyes.

Technology

Find a sycamore seed in the ground and spin it from its tail to make it fly like a helicopter.

Physical development

Help tidy up our environment/area by picking up autumn leaves. You can use them for arts and craft or throw them away in the bin.
